Thanks for your business!

Terms and condition:

1. Validity & Scope: The Quotation is valid for 30 days. The scope of services, including software development or multimedia work, is based on the details provided and may change if the scope is modified.
2. Pricing & Payment: Prices exclude taxes and are subject to change after the validity period. Payment terms will be outlined in the final contract, based on project milestones.
3. Liability & Acceptance: The Company's liability is limited to the Quotation value. By accepting the Quotation, the Client agrees to the outlined terms and to proceed with the project as described.

Purpose:

A multi-vendor platform where cake and flower sellers can list their products (readymade, custom, and theme-based), and customers can browse, customize, and order items. An admin panel will manage users, content, and overall operations.

Objectives :

- Allow multiple sellers (cake & flower shops) to register and manage their own product catalog.
- Enable customers to:
 - Buy readymade products.
 - Request custom cakes/flowers.
 - Choose from theme-based designs and upload reference images for themes.
- Provide admin with full control over:
 - Seller verification.
 - Orders, payouts, disputes.
 - Platform content (banners, categories, etc.).

Roles:

1. Customer
 - Registers, browses, orders, tracks.
2. Seller
 - Registers, gets approved, lists products, manages orders.
3. Admin
 - Manages platform, users, content, and reports.
